**As a participant in the Inspire Careers Student Professional Launch Program™, please tell me...
Overall, how did the program meet your expectations for service(s) you received?**

Exceeded my expectations Met my expectations Did not meet my expectations

Please explain: _The program was more thorough and all encompassing than I thought it was going to be. When I first heard about it, I envisioned taking a few aptitude tests and a slightly updated LinkedIn profile. Instead I took assessments, revamped my LinkedIn and resume entirely, met plenty of new people at TST, learned & adopted a new mindset as a jobseeker, and much more.

Why did you sign up to participate in this program originally and were your original expectations met?

Unsure of what type of career I wanted to pursue, the job search seemed both intimidating and futile. Every job description I read seemed like something I didn't know how to do, nor would I want to do. I figured once I had some clear guidance I would be able to successfully navigate the job search, which turned out to be exactly what happened.

How do you feel the strategies you learned will help you as you continue in your career?

Learning the value of LinkedIn and networking as invaluable tools will be very beneficial for the future.

How did you feel your résumé compares with other résumés you have seen?

It is much more unique and eye catching than most of the standard resumes. I think it dives into me as a person and my attributes much more than my previous resume which simply stated experience & education.

What did you enjoy best about your experience (the weekly coaching sessions, new resume, TST Networking meeting, Monday Motivational emails, connecting with recruiters, Job Seeker Spotlight video)? Why? Please be specific.

The weekly coaching sessions were probably my favorite part. I think we had some nice conversations both on and off topic and I found myself looking forward to them every week. I also really enjoyed the TST networking meeting, and meeting a lot of new, interesting people and hearing their stories.

Were there any parts of your experience in this program that you did not enjoy or believe could be improved?

Not that I can think of.

Would you recommend this program to a friend or fellow jobseeker? _____ Why? Or Why not?

Yes, I think anyone in search of any sort of help in the jobseeking process would be wise to do this program. It's in depth and helps you realize your full potential in the job market.

Please provide your overall feedback and thoughts about the program and partnership you received and mention anything I may not have asked specifically about.

Doing this program was certainly the smartest choice I made in a long time. It has been an informative, eye-opening, and, occasionally, fun last 3 months. I think the pace at which we dove into the material was excellent and the structure made a lot of sense. Very appreciative of all the work that was done on your end. 5 stars. – **Colin Helfer 3/15/2023**
